

Richmond DPU: City Improvement Projects

Job: Pump House Drive Drainage Improvement Project

Location: Portions of Wilbon Street, Rugby Road, Pump House Drive, and Bute Lane

Project Introduction

The Pump House Drive Drainage Improvement Project included the installation of new storm drain inlets, piping, and new curb and gutter to address drainage issues along Rugby Road, Pump House Drive, and Bute Lane.

This project also included the replacement of damaged curb and gutter and the installation of ADA ramps at sidewalk intersections.

Construction was completed in October of 2022.

Project Schedule

Project Assignment: 2019 (Hazen)

Survey & Preliminary Design: August 2019 through December 2019 (Hazen, H&B Survey, and Accumark)

Engineering Design: Completed January 2020 through October 2020 (Hazen)

Construction Assignment: Completed July 2021 through October 2022 (Messer Contracting)
