

Richmond DPU: City Improvement Projects

Job: Broad Street at 10th Street Project

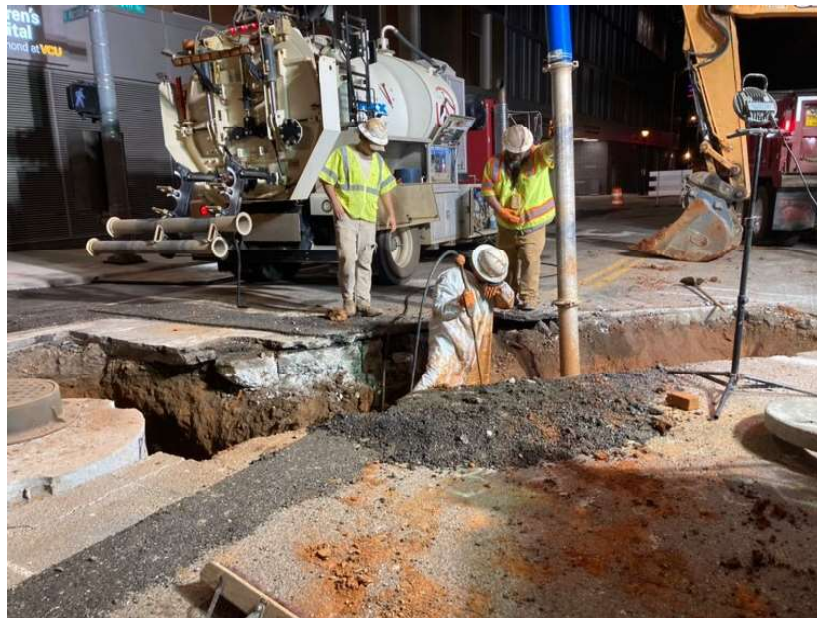

Location: North 10th Street between East Broad Street and East Marshall Street

Project Introduction

This project brought infrastructure improvements to the corner of East Broad Street and North 10th Street in order to divert runoff away from a Virginia Department of General Services-owned drainage outfall.

The design for this project necessitated a connection to the City of Richmond's combined sewer system to the north, on North 10th Street towards East Marshall Street.

Construction was completed in May of 2023.

Project Schedule

Project Assignment: April 2021 (A. Morton Thomas & Associates)

Survey & Preliminary Design: Completed June 2021 (A. Morton Thomas & Associates)

Engineering Design: Completed Fall 2022 (A. Morton Thomas & Associates)

Construction Assignment: Completed March 2023 through May 2023 (PB Chenault)
