

# Richmond DPU: City Improvement Projects

**Job:** East Marshall Street Emergency Repair Project

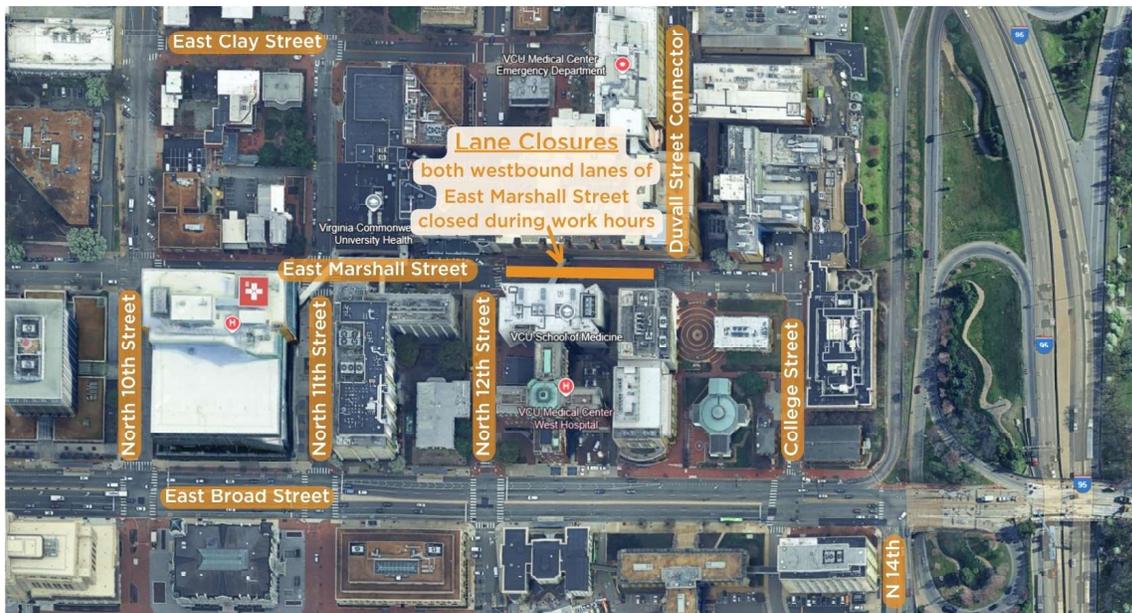

**Location:** 1300 Block of East Marshall Street at VCU Health

## Project Introduction

This emergency stormwater repair project addressed a cavitation near the stormwater line on East Marshall Street. The project replaced the existing failing stormwater pipe and structure, and restored the roadway, between the Duvall Street Connector and North 12th Street.

Regular coordination and communication with the VCU School of Medicine and VCU Health occurred throughout the duration of this emergency repair project.

Construction was completed in April of 2025.

## Project Schedule

**Project Assignment:** Department of Public Utilities - Stormwater Utility

**Survey & Preliminary Design:** N/A

**Engineering Design:** N/A

**Construction Assignment:** Completed April 2025 (PB Chenault)
