

Richmond DPU: City Improvement Projects

Job: East Roberts Street Emergency Repairs at Lamb Avenue

Location: 6th City Council District

Project Introduction

This project will repair stormwater infrastructure and a cavitation at the intersection of East Roberts Street and Lamb Avenue. The construction area is outlined in red on the graphic below.

Construction began on Monday, December 1st of 2025 and is largely complete apart from final pavement restoration which will follow later in the spring when the weather is most cooperative.

The intersection of East Roberts Street and Lamb Avenue will be closed and street parking will not be available in the project area when construction activity occurs. Temporary traffic control signs will be in place to direct drivers and traffic accordingly.

Project Schedule

Project Assignment: Department of Public Utilities - Stormwater Utility

Survey & Preliminary Design: N/A

Engineering Design: N/A

Construction Assignment: Construction Started December 1st of 2025 (Tidewater Utility Construction Inc.)

WHAT HAPPENS NEXT:

Project Duration:

These emergency repairs to address stormwater infrastructure will be completed by our contractor Tidewater Utility Construction Inc. (TUCI).

Construction began on Monday, December 1st of 2025.

Construction activity can be expected to occur between 8:00 am and 5:00 pm from Monday through Friday.

Final pavement restoration will occur later in the spring of 2026 when the weather and temperatures are most cooperative.

The intersection of East Roberts Street and Lamb Avenue will be closed and street parking will not be available in the project area when construction activity occurs.

Temporary traffic control signs will be in place to direct drivers and traffic accordingly.

Construction vehicles can be expected in the project area during construction work hours.

This flyer will be updated with additional information as the project progresses.

We greatly appreciate your patience as these important repairs are made.

Project Benefits:

This project will improve drainage and public safety and eliminate cavitations by repairing stormwater infrastructure along East Roberts Street.
